

Comprehensive framework of the RESIST Database for Cancer Drug Resistance

Data Collection & Curation

Data Process & Analysis

RESIST Database
(<https://resist.website/>)

81 scRNA-seq datasets
7 Spatial transcriptome datasets

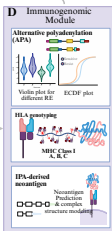

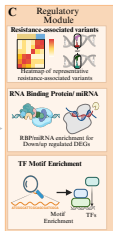

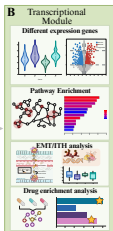

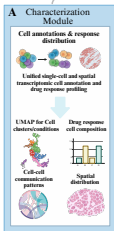

522 Single-cell samples | 96 Spatial samples

13 Types of cancer

59 Drug Regimens

User-Friendly Web Interface & Visualizations

Interactive Browsing

Integrated Analysis Pipelines

Downloadable Data & Results
